

BE brake repair kit

Sizes BE05 to BE30

SERVICE

BE brake repair kit

SEW-EURODRIVE offers the BE brake repair kit for service work to be performed by customers themselves on brakes of the BE series. It is available in nine versions for sizes BE05 to BE30 and is intended for installation in DR. motors.

The repair kit includes all parts required for preventative maintenance and repair of the respective brake type. The individual components are packed in a 100% recycled paperboard packaging, and are delivered together with a manual provided as hard copy and as CD. The CD contains the manual in the most common languages.

One repair kit – nine versions – available for 10 motor sizes

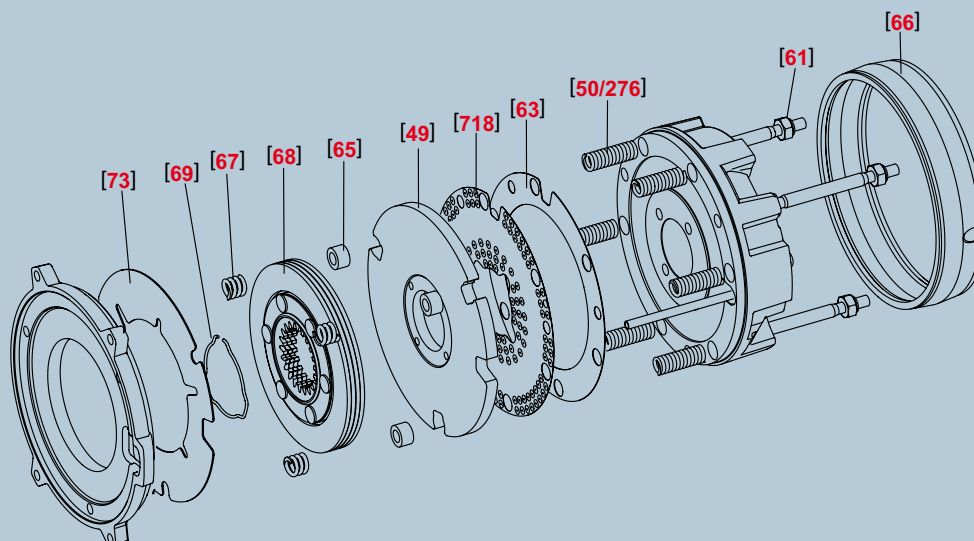

Types

Designation of the repair kit	For motor size(s)	Reference number
BE05A / BE1A	DR.71	17904005
